

Monday october 03	
from 4.30 pm	Welcoming
8.00 - 8.15 pm	Opening of the Autumn University Séverine Recordon Gaboriaud ARAPI President Bernadette Rogé ARAPI Scientific Committee President
8.15 - 9.30 pm	Herve Chneiweiss Opening Conference 'Neurotechnologies : hopes and ethical issues in decoding and modulating our brain activities.'

Tuesday october 04	
From molecules to behaviour	
AM 9.00-9.45	Margot Taylor 'Neurophysiological measures (MEG) of social cognition in autism at any age.'
9.45-10.30	Antonia Hamilton 'imitation and social coordination in autism spectrum condition'
10.30-11.00	Break
11.00-11.45	Marie Pieron 'Autism, an atypical sensoriality : from laboratory to daily life'
11.45 am - 12.45 pm	Global discussion
Lunch	
Young researchers Session (in partnership with GIS (Scientific Interest Group) "Autism among Neurodevelopmental Disorders")	
PM 4.00-4.30	Fred Volkmar Introduction. 'The social neuroscience of autism'
4.30-6.30	Young researchers communication
6.30-7.00	Discussion animated by Fred Volkmar and conclusion
7.30	Diner

Wednesday october 05	
Act on networks	
AM 9.00-9.45	Maithé Tauber 'Oxytocin and Prader-Willi syndrome'
9.45-10.30	Ana Saitovitch : 'Transcranial magnetic stimulation (TMS): a new approach to act on the brain networks with ASD'
10.30-11.00	Break
11.00-11.45	Patrick Chambres 'acting on Networks by using e-learning : PUFADSA, a digital resource'
11.45 am - 12.45 pm	Global discussion
Lunch	
PM 3.00-5.00	Round table of associations animated by Dominique Donnet-Kamel & René Cassou de St Mathurin
5.00-6.00	Oral presentation of the posters: <i>My poster in 180"</i>
6.00-7.00	Meeting with posters authors
6.30	Cocktail
7.30	Diner

Thursday october 06	
Networks of social communication and social cognition	
AM 9.00-9.45	Mayada Elsabbagh 'the future of research in autism : challenges and opportunities'
9.45-10.30	Marie-Hélène Plumet 'Social Cognition & Communication: how to take into account the neurofunctional particularities of children with ASD by placing them in a developmental perspective, in both Research and everyday support ?'
10.30-11.00	Break
11.00- 11.45	Roberto Toro 'Connect : Towards a clear digital ecosystem to help people with autism'
11.45 am - 12.45 pm	Global discussion
Lunch	
PM 3.00-4.00	Meet the experts Fred Volkmar Elisabeth Wiesner (on registration, limited access)
Online health, remote support	
4.00-4.45	Elisa Fazzi 'From mutual gaze to imitation: new issues of early intervention.'
4.45-5.30	Brooke Ingersoll : 'Using telehealth to deliver parent-mediated intervention for autism: Lessons for the future of service delivery'
5.30-6.15	Global discussion
6.15-6.45	Autumn University abstract
7.30	Diner

Friday october 07	
Refinement Workshops	
5 Workshops on parallel theme from 9.00 to 12.00 am	
2. Childhood Networks → Sophie Biette, Anne Monge & Marie-Agnès Jeune	
3. Socially usefull activity and school learnings → Aurélie Simoneau	
4. 'To name things wrongly is to add to the misfortune of the world' : autism spectrum disorders or spectrum of neurodevelopmental disorders ? → Pierre Defresne	
5. Setting up Networks to answer the need of support in life quality areas, from childhood to adulthood for persons with ASD → Annalisa Monti & Jacqueline Mansourian	

'Professional training session'	
1. Imitate to grow Jacqueline Nadel	→

Scientific Committee

PROGRAM

At the time of this announcement, we are not in a position to determine the constraints that will impose on us on october 2022, due to the sanitary crisis. All arrangements will be taken by arapi in case of cancellation for the refund of the expenses incurred. On the other hand, only people who present a complete vaccination schedule or a valid PCR test (in application of the guidelines) will be allowed to stay in the facility.
